

**PRODUCT DATA SHEET FOR “UNIVERSAL GRANULAR ABSORBENT IN A ZIPPED PILLOW”**

Product	Dimensions, cm	Weight (unit/kg)	Quantity (bag/bale)	Weight (bag/kg)	Absorbency (unit/l)	Absorbency (box/l)
GOGS1	45 x 40	1	10	5	14	140
GOGS0.5	45 x 20	0.5	20	2	7	140

**Sorbency: test method NFT90-360 using Light Arabian Crude Oil**

**Features and Benefits**

- Superior absorbency over the competition! 1 kg absorbs 14 liters of oils or water based substances
- Comes in unique handy packaging: absorbent pillow with the zipper
- Easy to open
- Light weight! Compare with regular 22 kg clay absorbent pack which absorbs only 11 liters

**Instruction for use**

It is important that a suitable and sufficient Risk Assessment is carried out on each incident and correct PPE is worn

Open the zipper on the pillow – use the needed amount of granulated absorbent.

**Compatibility**

The product can also be used as an absorbent pillow – just cover the spill with the pillow and wait until all the liquid is absorbed.

Before any use in a spill situation a proper risk assessment should be carried out and all hazardous properties of the liquid or dangerous reactions taken into account

**Disposal**

Used sorbents may be disposed of by landfill or incineration, in accordance with local and national regulations, taking into account the classification of the liquid absorbed

**Safety Data**

Further technical advice is available if required

**Pack**

5 per pack, 24 per pallet

**Breakthrough Technology in Oil Spill Removal**
